EOC Math Scores were discussed. Secondary Curriculum Director Todd Gibbs and Testing Coordinator Nancy Cantrell explained that only raw scores would be received from the state. Therefore, final grades would be normed through the use of district data testing results. In the Fall of 2019 when the state results are normed and released, school grades will be listed on each schools report card and each student's state-normed test results will be placed on the student's transcript.
